To whom it may concern:

I have been essentially fighting crime full-time now for the past several decades. I've tried multiple times to file criminal reports, but keep getting stonewalled at the local, state, and federal levels. I've reached out to prosecutors, congressman, oversight boards, the current directors of the Federal Bureau of Iniquity and the Department of Injustice, and many others. I've filed thousands of complaints and made ***tens of thousands*** of phone calls to various individuals and entities. I've mentioned the crimes in innumerable state and federal lawsuits and elsewhere.

Because of who I am, the world's largest crime syndicate—the US legal system—has committed and continues to commit crimes (CA Code–PEN §§ 96.5, 115, 118, 132, 134, 135, 186, 470, 484, 487, 496, and 532; RI Gen. Laws §§ 7-15-1 et seq., 11-18-1, 11-32-3, 11-41-1; MA Gen. Laws c. 266 § 30 and 268 § 13B; 18 U.S. Code §§ 4, 152, 157, 241, 1001, 1018, 1341, 1343, 1349, 1503, 1505, 1512, 1519, 1621, 1623, 1951, 1956, 1957, 1961, 1962, 1964, 2314, 2315, and 3057—a total of ***more than 40!***) and block me from receiving compensation.....as a result of their crimes. The very entity that is supposed to protect citizens from crime is the very entity that is responsible for committing the crimes and the ***significant*** financial losses to me and a third party.

Therefore, I do not have any "police reports" or anything else from any branch of law enforcement, which I continue to fight daily, in addition to the entire syndicate, for all the crimes its personnel continue to commit! All I have are the reports I attempted to file, my second book that lists almost all the criminals' names and offenses in it, many blog posts (www.stloiyf.com/blog/ and particularly the June 29 post), and mountains of court-related documents revealing the above crimes. Most can be proved by going down all the rabbit holes at www.stloiyf.com/case.html.

A $10,000+ judgment originally in my favor was reversed due to crime and resulted in the theft of a $380,000+ condominium that didn't even belong to me and the continued theft of $2,200 per month from me to satisfy a fraudulently created debt. Syndicate members claim that my lawsuits to remediate these egregious wrongs somehow have "no merit." Yet despite their claims, they somehow felt the need to redact and seal—i.e., hide—entire records so that the massive amount of crime revealed in those cases doesn't see the light of day.....at least not due to the syndicate's own revelation of it.

Since I have not heard from the board since my initial online filing, I am reaching out to determine what else I can possibly provide to establish that my family and I have suffered the loss of more than $1,000,000 in money and property since 2014 and that the need is immediate. In addition to these losses, I've been forced to liquidate my retirement account many years early, and now the IRS is adding insult to injury by trying to force me to pay hundreds of thousands of dollars in penalties and interest that I simply cannot afford. I am uploading several additional documents and providing new hyperlinks herein. Please email me at the address below.

Pursuant to CA Code Civ. Proc. § 2015.5(a), I declare under penalty of perjury that the foregoing and all prior information submitted is true and correct.
