I have reached out several times for well over a year and have received no response. Does this mean there is no compensation for property or income losses except for the 3 instances below, which I've highlighted?

What expenses are eligible for reimbursement?

- Funeral and burial
- Medical and dental treatment
- Mental health treatment or counseling
- Mental health counseling for minors who witness a violent crime
- Round-trip mileage costs to medical, dental, or mental health appointments
- Veterinary fees or replacement costs for a guide, signal, or service dog
- Income loss up to 30 days for the parent or legal guardian of a minor victim who is hospitalized or dies
- Income loss if the victim was disabled as a direct result of the crime. Victims can receive this benefit for up to five years following the date the crime occurred. If the victim was permanently disabled, income loss may be approved for more than five years.
- Support loss for dependents of a victim who is disabled or dies as a direct result of the crime
- Loss of income for up to two years, if the crime is human trafficking
- Job retraining
- Relocation
- Residential security installation or improvement
- Home or vehicle modifications for a victim who was permanently disabled
- Crime scene cleanup
